Process for Creating a FERPA block at the United States Sports Academy

Under the rights accorded you by the federal law known as the Family Educational Rights and Privacy Act of 1974, as amended (FERPA), the United States Sports Academy may release directory information about you to the general public, including other students. We work hard to protect your privacy and we do not automatically release such information to all requestors.

The policy:

Directory information is defined in FERPA policy as being limited to the following items:

- Name
- Current enrollment
- Full-time or Part-time status
- Dates of attendance
- Class standing
- Field(s) of study
- Awards and honors (e.g. Dean's List, President's List)
- Degree(s) conferred (including dates)
- · Local address as a student

- Permanent address as a student
- Local telephone number
- E-mail addresses
- Past and present participation in officially recognized Academy activities
- Previous institution(s) attended
- Date and place of birth
- Schedule of classes
- Photographic or videotaped image

Examples of information which are NOT directory information and which are thus not releasable without advance student permission or applicable exception under the Act include specific course grades, grade-point averages (GPA), race, religion, or parent names.

Currently enrolled students may withhold disclosure of directory information. To withhold disclosure, this form must be received by the Registrar's Office. Directory information will then be withheld until you release the block disclosure. Students should understand that, by withholding directory information, some information you might consider important may not reach you.

If you wish for a "FERPA block" on directory information to remain in effect after your last term of enrollment, a separate written request must be made to the Registrar prior to the end of that term. Such a block will remain in place until removed in writing.

I have read the policy above and am aware of the full policy in the USSA Catalog. **Your initials here**

The effect of placing a FERPA block on your record:

Since the FERPA block is "all or nothing," we cannot always hold certain categories of directory information as private while always releasing others.

As a result, we are especially concerned that you know the effects that your declaration may have on USSA's ability to communicate appropriately for you and with you. The United States Sports Academy is already very restrictive in protecting your personal information, even when you allow access. If you file this form, all inquirers will be told "we have no information available about this person."

I understand the effects of placing a FERPA block on my record may have
